Connect (Parent Engagement Program)

I, _____ (Parent/Guardian Name) am the parent or guardian of _____ (Child's Name) (the “child”) and have voluntarily chosen to participate in Educational Playcare **Connect** (the “**Engagement Program**”).

Participation Agreement

In consideration for BrightPath, its subsidiaries and affiliates providing Connect (Engagement Program), accepting my application to participate in Connect (Engagement Program), and providing me access to Connect (Engagement Program), I hereby understand, acknowledge, and agree that:

- (a) Our participation in Connect (Engagement Program) is entirely voluntary and undertaken at my own and my child's risk.
- (b) I have read the Connect Parent Engagement Information Letter attached hereto and I have had all my questions in relation to the Connect Engagement Program answered to my satisfaction prior to deciding to sign this Participation Agreement.
- (d) I understand that I am prohibited from sharing photos and/or video of any children (other than my child), including any group photos/video, that I may have access to through my participation in the Connect Engagement Program. Should any photos and/or videos of children other than my child be distributed in violation of this covenant, I agree to indemnify and hold harmless BrightPath and its agents, employees, affiliates, and/or assigns for all claims, liabilities, damages, losses, and expenses (including legal fees on a solicitor and own client full indemnity basis) arising by reason of my unauthorized distribution in breach of this covenant.
- (e) I understand and acknowledge that the Connect Engagement Program relies on the use of a third-party provider (the “**Developer**”) that utilizes the internet and cloud computing technology. Accordingly, I acknowledge that the Developer will have access to information, photos, and videos of and about my child and may create and hold electronic copies of this information for the purposes of back-up. The Developer may also monitor, for its internal use only, my access and use of the Connect Engagement Program. I understand and acknowledge that there are inherent privacy and confidentiality risks when using an internet-based service and cloud computing technology upon which the Connect Engagement Program relies. I understand and accept that BrightPath will have no liability in the event of any breach of confidentiality of any information collected and copied from the Connect Engagement Program, whether or not such breach resulted from

the actions of the Developer of BrightPath, its agents, employees, or assigns, or of any other parents who also participate in the Engagement Program. My participation in and use of the Connect Engagement Program is an acceptance of this limitation of liability.

- (f) For greater certainty, I hereby release and forever discharge and agree not to make any claim against BrightPath, its board of directors, officers, agents, employees, affiliates and/or assigns, for any and all claims, resulting from my participation and my child's participation in the Connect Engagement Program; and
- (g) I understand and acknowledge that the terms of this waiver shall apply equally to me, and to my child.

Approval for Photos/Videos

I hereby grant permission to BrightPath and its representatives to photograph and video my child, and otherwise capture my child's image and to make recordings of my child's voice for the purposes of sharing information about my child with me under the Connect Parent Engagement Program.

I further grant permission to BrightPath and its representatives to reproduce, use, exhibit, display, post or distribute any images and recordings of my child when such images or recordings are taken in a group, or in a multiple child setting, to other parents who are also participating in the Connect Parent Engagement Program.

I hereby confirm and covenant that I will not share photos of any child (including group photos), other than my own, that I receive through the Connect Parent Engagement Program with anyone other than BrightPath and its employees.

I hereby release, defend, indemnify, and hold harmless BrightPath, its board of directors, officers, employees, or agents from and against any claims, damages or liability arising from or related to the use of images, recording or materials of my child, whether individually or in a group setting.

Closed Circuit Television System Policy

Purpose

Select Busy Bees North America (BBNA) centres operate a Closed Circuit Television System (CCTV) which makes video and potential audio recordings. BBNA values the confidentiality and privacy of its staff and the families that we serve, and therefore provides this CCTV policy (this Policy) to outline the purposes and uses of these CCTV devices and recordings.

As a provider of early learning and child care services, from infant to pre-kindergarten and older children on a before and after school basis, BBNA is responsible for the most vulnerable population and, therefore, maintains the highest standards in care and safety to provide exceptional early years services.

The CCTV System is operated to ensure these highest standards in care and safety of the children. After careful consideration of the positive impact of CCTVs in other environments, both in relation to prevention and investigation of incidents, the CCTV has been adopted in the interest of the children, their families and of BBNA employees. The CCTV System will play an important role in the delivery of our services considering we have young children in our care.

The CCTV system will be used for the purposes of reviewing room activity, staff and child interactions and behaviour where there is suspicion or allegation of a significant incident, when there has been a complaint or concern voiced by parent, guardian or staff member, or as otherwise provided in this policy.

The use of CCTV is not intended to replace appropriate management practices and procedures in supervising and coaching staff.

Scope and Responsibilities

BBNA will respect local privacy laws. Please refer to our Data Protection Policy which sets out in detail how we process this information.

Security and Protection of Privacy

The video/audio recorder will be kept secure in either its own locked cabinet or a locked room which has restricted access. BBNA implements security safeguards to protect the CCTV equipment and recordings at the level appropriate to the sensitivity of the information. . Access to the system's controls and reception equipment, and to the recordings it captures, will be limited to authorized persons.

Recordings will be securely held, and access within the organization limited to the purposes described in this Policy. Cameras should be positioned as best they reasonably can to reduce the likelihood of capturing individuals not intended to be filmed, while achieving the objectives of this policy.

Authorized persons will only access the recordings in the case of suspicion or allegation of a significant incident or complaint, for supporting training regarding program delivery, or for reasonable maintenance, installation, or configuration of the CCTV systems.

Authorized persons include the following who will be provided access strictly on the basis of need-to-know:

- Centre Director (CD);
- Area Director (AD);
- Operations Director;
- VP Education and Quality Assurance;
- Chief Operating Officer (COO);
- President;
- Chief Human Resources Officer;
- Director of Safety and Compliance (DSC);
- Chief Executive Officer (CEO); and
- others as allowed by the COO, President, or CEO.

Location

The following areas may be covered by CCTV:

- Classrooms;
- Sleep Rooms;
- Gymnasiums;
- Multi-purpose rooms;
- Hallways;
- Reception area;
- Front door;
- Outside play areas;
- Parking lots;
- Director's office;
- Kitchen; and
- Any other area where coverage is appropriate, except for those locations listed below as not covered.

The following areas will not be covered by CCTV:

- Children's toilet area;
- Staff room; and
- Adult bathrooms.

The CD shall be responsible for reviewing camera locations from time to time and for considering requests from staff, parents, guardians or other persons regarding concerns relating to privacy or confidentiality due to the location of a particular CCTV camera. Cameras should be positioned as best they can to reduce the likelihood of capturing individuals not intended to be filmed.

BBNA will endeavor to post reasonably conspicuous notices of the CCTV recording as appropriate and near CCTV equipment, but may not feasibly post notices in every location where video or audio recording is in progress.

Access

Access to the system is restricted to the authorized persons and to the existence of suspicion or allegation of a significant incident or complaint, for supporting training regarding program delivery, or maintenance, installation or configuration of such systems. Audit trails monitor this access to ensure compliance. In accordance with this Policy, recordings may be shared with a third-party service provider for the sole purpose of obscuring or pixelating personal information about individuals prior to use or disclosure of a recording.

Individual Right of Access

Individuals may request access to their personal information, or the personal information of their child, which has been recorded through the CCTV System. An access request must be made in writing to the Centre Director. The CD will provide access within thirty days to any retained and redacted recordings, provided such access would not reveal personal information about another person or otherwise be prohibited by law. However, if the information about the other person is severable from the record, by being obscured or pixelated through commercially reasonable means, or if the other person consents, access will be provided to the requester. This is to protect other children/staff that may be present on the recording. If the recording requested does not relate to the individual making the request, or their child, access will not be provided.

If we cannot give access to a recording of the requestor or their child, we will provide reasons, as allowed by law.

Access Requests in the Case of Serious Incidents or Complaints

If a serious incident or complaint has been received and an access request is made by a parent or guardian of an affected child, or an affected staff member, access will be granted in accordance with applicable law. Where required by law, staff concerned will be informed, with reasonable notification, of the footage being viewed in this way

and of the purposes of the viewing, and will be given an opportunity to view the same footage in the same or similar manner.

BBNA will only release a copy of any recording as required by law or in response to a valid government or law enforcement subpoena, warrant, or request. Copies of recordings will only be released to third parties on the express authority of the BBNA CEO or President and upon demonstration, by the government or law enforcement agency, of its lawful authority to access it. BBNA will make reasonable efforts to maintain the confidentiality of the recordings, including but not limited to such requirements under data protection legislation or other law or statute.

When the recording is reviewed due to suspicion or allegation of a significant incident, or when there has been a complaint or concern voiced by parent, guardian or staff member, the CD or other authorized person will document the following as applicable:

- the date and time at which the recording was reviewed;
- the date on which disclosure was made;
- the identification of any third party who was allowed access or to whom disclosure was made;
- the reason for allowing access or disclosure and the extent of the information to which access was allowed or which was disclosed; and
- the identity of the person authorizing such access.

As indicated above, where the recordings contain images of individuals other than the subject(s), the recording may need to be altered to disguise or blur those images of other individuals so that they are not readily identifiable. If the CCTV recording system does not have the facilities to carry out that editing, an appropriate competent third party may be hired to carry it out, at the sole discretion of the COO, President, or CEO. In the event that such an editing company is hired, BBNA will ensure that there is an agreement in place with the editing company to protect confidentiality and to ensure compliance with this Policy and data protection legislation in relation to the recordings.

Role of the CD

The CD's role in maintaining an effective and secure CCTV environment is critical. They are responsible to:

- ensure the system is always operational and to immediately advise IT support of any system failure/outages;
- ensure that all servicing and repair needs are communicated to IT support and followed through on;
- forward any individual's written request for access to, or a copy of, a recording that exists to the DSC;

- maintain a record of the release of any recordings or any material recorded or stored in the system;
- ensure secure retention and destruction of recordings as appropriate;
- ensure signage is in place that will make individuals aware that they are entering a CCTV area; and
- ensure confidentiality is maintained at all times. Any relevant recordings downloaded shall be stored in a locked secure cabinet or a locked, secure room and will only be available to those directly connected with achieving the objectives of the system. Any copies must be stored in a locked secure cabinet or a locked, secure room until delivered to an appropriate authority, and when returned by them if applicable.

Fairness

BBNA respects and supports every individual's entitlement to go about his/her normal duties. Use of CCTV as outlined in this Policy will be conducted in a professional, ethical, and legal manner and any diversion of the use or processing of CCTV for other purposes is prohibited under this Policy. CCTV will be limited to uses that do not violate a person's reasonable expectation of privacy. The CD will be responsible for ensuring that parents and guardians are informed, when they enroll their child, of the purpose of the CCTV and how it can and cannot be used. A copy of this Policy will be provided and will be available at the centre at all times.

Footage recorded on the CCTV system and viewed under the terms of this Policy may be used to assist in establishing the facts regarding a serious incident, or an allegation thereof, or a complaint. Doing so may give rise to an investigative meeting with any relevant member or members of staff and may result in disciplinary proceedings. Any violations of this Policy by BBNA staff may lead to disciplinary action, including without limitation termination of employment.

CCTV Data Retention and Destruction

CCTV data will remain on the hard drive of the system for up to seven calendar days. At the end of seven calendar days, if no incident is suspected or no complaint has arisen, data will be recorded over. No copies are made in the normal course of operations. Recordings will be retained longer than seven days in the event that the investigation of a serious incident or complaint is in process, or if BBNA is under a legal obligation to retain the recordings. The ability to export video recording is limited to the Area Director, Operations Director, Safety and Compliance. Once the investigation concludes and/or the data retention is no longer required under law, the recording will be securely destroyed or recorded over.

Any relevant recordings downloaded or copied shall be stored in a locked secure cabinet or a locked secure room, and will only be available to those directly connected with achieving the objectives of the system. Data is retained for seven calendar days in consideration of the time that could pass between an incident occurring, the knowledge that an incident occurred, and the complaint or request being received by BBNA.

Biometric Information

CCTV video and audio recordings will by operation capture and store certain personal and biometric data for individuals who are recorded. Additionally, artificial intelligence tools may be used by BBNA to identify certain individuals, including without limitation the use of facial recognition technology. This technology is used to enable tracking and viewing of one individual across multiple cameras, in order to accomplish the purposes outlined in this Policy.

CCTV recordings, including any biometric or personal data collected through the recordings, will not be shared with any third parties except as elsewhere provided in this Policy.

Location of Data Storage

Recordings through the CCTV systems are stored in the country where the BBNA Centre operates.

By reviewing, agreeing to and signing the Video and Audio Recording Camera Acknowledgement or through the CCTV Acknowledgement – for Existing Staff, you expressly consent to the collection, processing, and storage of personal and biometric information as outlined in this Policy.

You can withdraw consent by contacting the Centre Director. Contact information (including name, email, phone number, and mailing address) for the Center Director of your BBNA facility is under the “Centre Information” tab of the webpage for that facility. If and when you withdraw consent, BBNA will not be in a position to provide you access to its premises in view of the importance of the CCTV for the purpose of the safety of the children. If you have any questions or requests related to this Policy, please contact the Director of Safety and Compliance at safety@busybeesna.com.
