

BrightPath

Transitional Kindergarten Program

Preparing Your Child for a Confident Start in Kindergarten

At BrightPath, we understand the importance of giving your child a strong foundation for lifelong learning. Our Transitional Kindergarten program is designed to bridge the gap between preschool and kindergarten, ensuring that children are fully prepared for their next educational adventure.

In response to the recent regulatory changes by the Connecticut State Department of Education regarding the age requirement for kindergarten, we created this program to meet the needs of families like yours. Our goal is to provide an extra year of early learning for children who would benefit from additional preparation, fostering both academic skills and social confidence.

BeeCurious Curriculum

Our Transitional Kindergarten builds on the BeeCurious curriculum, emphasizing hands-on, play-based learning that encourages exploration and curiosity, laying the foundation for meaningful educational experiences.

Key Learning Areas

- Mathematics
- Language & Literacy
- Embedded Routines
- Personal-Social Development

What Sets Us Apart?

1 Our Research-Based Approach

Our Transitional Kindergarten program is rooted in extensive research, utilizing key educational documents such as the Connecticut Kindergarten Entrance Inventory, the Connecticut Early Learning and Development Standards (CTELDS), and the Common Core Standards. This ensures that our program is aligned with the highest educational standards and best practices.

2 Collaboration with Educators

At BrightPath, we work closely with local boards of education and kindergarten educators to make sure our curriculum prepares children for the expectations of kindergarten. Our senior center director regularly attends board meetings, and our center directors collaborate with local educators to ensure our children are well-prepared for their next steps.

3 Critical Thinking & Exploration

At BrightPath, we work closely with local boards of education and kindergarten educators to make sure our curriculum prepares children for the expectations of kindergarten. Our senior center director regularly attends board meetings, and our center directors collaborate with local educators to ensure our children are well-prepared for their next steps.

4 Thank You to Our Supporters

We are grateful to our team of education coaches, local educators, and early childhood education experts who have contributed to the creation and ongoing development of our Transitional Kindergarten program. Your dedication to providing the best possible start for our children is deeply appreciated.
