

A photograph of four young children in a classroom setting. They are gathered around a table, looking intently at a science experiment. On the table, there is a clear plastic bottle containing a yellow liquid with white foam on top. To the right, a blue tray holds a small glass jar with yellow liquid. The children are dressed in blue school uniforms. The background is slightly blurred, showing other children and classroom shelves.

Where Confidence, Kindness, and Curiosity Grow Together This Fall

A Montessori education
that nurtures every part of
who your child is
becoming.

Spots are filling fast.

The early years shape so much more than academics. At Learn and Play Montessori, your child builds independence through practical life activities, develops empathy through community service projects, and discovers the joy of creative expression through art, music, and movement. They learn at their pace. They grow beyond your expectations.
