

# The Malvern School

## BeeCurious Curriculum

Our new BeeCurious Curriculum Framework celebrates learning as a joyful experience and aligns with children's natural curiosities. It provides children autonomy through choices, guided explorations, and multiple forms of expression.

## Our Teachers

Exceptional early childhood education begins with exceptional educators. Our teachers hold degrees in early childhood or elementary education and bring meaningful classroom experience to their roles. Lead Teachers design and lead engaging, developmentally appropriate programs rooted in The Malvern School's philosophy and aligned with NAEYC standards. Working alongside Assistant Teachers, they tailor learning experiences to support each child's growth, interests, and individual needs.

## Family Communication & Connect App

Our BP Connect™ app keeps you connected to your child's day with real-time updates, daily reports, photos, and wellness information. It strengthens communication between families and teachers, keeping you informed and engaged throughout the day. User-friendly and password-protected, BP Connect offers a secure, convenient way to stay in touch with your child's experiences.

# The Malvern School

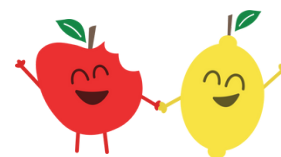

## Health & Safety

At The Malvern School, children's health and safety are our top priority every single day. Our comprehensive protocols help create secure, nurturing environments where children can thrive. With standards that exceed industry requirements, we're proud to offer one of the most rigorous approaches to health and safety in early childhood education.

## Alex's Lemonade Stand Partnership

The Malvern School has proudly supported Alex's Lemonade Stand Foundation for over 16 years through school-wide events, raffles, community partnerships, and our annual Lemonade Stand Day. Our students actively participate in these efforts, learning compassion, empathy, and the importance of giving back while making a meaningful impact for children fighting cancer.

## Contact Us

Our Enrollment team is available to support families through the enrollment process and help with any questions about our locations, tours, paying for child care, programs, and enrollment.
