

Care 4 Kids Subsidy

Care 4 Kids (C4K) is a Connecticut state program that helps eligible families with the cost of childcare while parents work, attend school, or participate in training programs.

Here's a brief overview to help guide you through the process.

Step 1: Check Eligibility

To find out if your family may qualify, use the Care 4 Kids online screening tool:

[Check Eligibility with the Screening Tool.](#)

Step 2: Schedule a Tour & Gather Required Forms

If you find that you may qualify and are considering BrightPath for your child's care, the next step is to [schedule a tour at your preferred center](#). During your visit, you'll get a personalized look at our curriculum, flexible schedule options, and tuition structure. It's also a wonderful chance to connect with our passionate educators and explore the warm, engaging environment where your child will learn and grow. Our team will also assist with completing the **Parent-Provider Agreement (PPA)**, which is required for your application.

Step 3: Submit Your Application & Await Review

Care 4 Kids may take up to six weeks to review your application.

Families have two options while waiting for approval:

- **Start immediately** by submitting your registration and choosing to self-pay full tuition while awaiting C4K approval. If assistance is later approved and retroactive, we will credit your account accordingly.
- **Wait to begin care** until the official Child Care Certificate is received, which outlines what C4K will cover, your co-payment amount, and the start date of coverage.

Please let us know if you have questions about BrightPath programs or need help scheduling a tour by emailing us at enrollmentus@brightpathkids.com.

For questions about the Care 4 Kids Program, you can contact them directly.
